Pursuant to the Notice regarding Information Disclosure Statements appearing in 1276 OG 55, dated August 5, 2003, no copy of each United States Patent listed on the Form PTO/SB/08A is included herewith.

The references identified Form PTO/SB/08A were cited in either the specification or an International Search Report dated February 25, 2004, in the underlying PCT application. The January 19, 2006 Notice of Acceptance of Application under 35 U.S.C. § 371 and 37 C.F.R. § 1.495 indicates that a copy of the International Search Report has been received by the United States Patent and Trademark Office. The relevance of the non-English-language references identified in Form PTO/SB/08A is indicated in the International Search Report. Corresponding English-language abstracts of DE 3838656; DE 3921996; EP 0451035; and DE 3813557 are provided herewith. No corresponding English-language reference or abstract of DE 19528308 is readily available to the Applicant.

An International Preliminary Examination Report dated December 7, 2004, indicates that the claims in the PCT application meet the international standards of patentability. The claims in the present application are similar to the claims filed in the PCT application and should be in condition for allowance for the same reasons set forth in the International Preliminary Examination Report. A copy of the International Preliminary Examination Report is enclosed for the Examiner's convenience.

Pursuant to 37 C.F.R. § 1.97(b)(3), no fee is believed to be due for the submission of this Information Disclosure Statement as it is being submitted before the mailing date of a first Office Action on the merits. Nevertheless, the Commissioner for Patents is hereby authorized to charge any fees which may be required to Deposit Account No. 23-0650. One (1) original and two (2) copies of this Information Disclosure Statement are enclosed.

Respectfully submitted,
